

Dear Parents and Carers,

Although it was only last Friday since I last wrote to you, some very important information has been shared with schools in relation to Safeguarding. Specifically, in relation to 2 social media sites:

1. Omegle
2. Discord.

Whilst we all recognise the importance and usefulness of the internet, it does carry with it risks when misused that place pupils at risk. As has always been the case, supervision both at school and home is important when keeping young people safe online.

Please read the attached Safeguarding Alert released by the Safeguarding Children's Partnership.

To-day marks the end of the Spring Term for pupils. School re-opens for pupils and the start of the Summer Term on Monday 19th April, 2021.

As the term progresses, school will continue to review its Covid-19 strategy as wider society opens up. This will include access to our local community resources, for example swimming at the Brio Pool in Northwich, outdoor venues, such as Delamere Forest and local parks and the Sixth Form Prom!

At each stage school will remain in contact with you to update you on our plans.

If I may just ask you to refer to my last letter in relation to a return to the school uniform policy over the Easter break.

I hope you are able to enjoy Spring as it progresses. Wouldn't a few more days such as to-day make the world of difference as we carefully and cautiously meet up with friends and family in line with the National roadmap for lifting lockdown.

Stay safe.

Yours faithfully,

Mr McCann
Headteacher
