

FIR

We have had a very busy term on Thursday nights in Fir apartment, we have been walking to Greenbank Train Station where the boys have been experiencing public transport, learning how to read a timetable to find their destination travel time and ticket purchasing; the boys have also recognised when we were approaching Northwich station. We have walked to the new McDonalds from the station and the boys conduct whilst there was very good, they chose, ordered and paid for their own food then sat socialising with each other. Well done boys!

Also this term, the boys have enjoyed bowling at Crewe MFA Bowl, this activity has helped to improve their money and social skills when accessing a local community facility. On return to resi after bowling, they took it in turns making a simple supper for each other gaining more confidence using kitchen equipment and understanding the importance of kitchen safety.
