

Greenbank Residential Provision

Outcome of Young Person's Well-being Questionnaire November 2020

Ideas and recommendations from the 2019 questionnaire:

- More sport activities
- Dance Class
- Christmas Games
- Golf
- Swimming
- Cinema

Due to lockdown happening in the spring term, we concentrated on developing our independence living skills during the time we were open in 2020.

Evaluation of the 2020 questionnaire:

The majority of young people expressed they like Resi and being with their friends, but they miss their family.

20 questionnaires were returned, we had a limited Residential intake at this time due to Covid. Thank you to all the young people and staff, this is an excellent response.

18 Y/P said that they felt their belongings were safe whilst staying at Resi, Y/P were reminded that they had lockable bedside cupboards for the belongings.

18 Y/P said that they are looked after when ill.

The majority of young people like the activities they take part in, with the most popular activities being:

- Free time
- Bowling
- Eating Out
- Computers

Here are some of the things that were said:

I LIKE EVERYTHING, I DON'T WANT TO LEAVE, I LIKE GOING BOWLING & TO LAZER QUEST, I LIKE STAYING WITH MY FRIENDS, I LIKE HAVING TIME TO DO MY OWN ACTIVITIES

Ideas and recommendations from the 2020 questionnaire:

- Trips to the cinema
- Trampoline Park
- Bowling
- Visit to the park
- Go to swimming centres with slide

All other ideas and recommendations were different activities that the young people need to talk to their staff members about. I will feed back through the staff meeting the activities the young people would like to try.

What we have done so far to meet the needs and the wishes of the young people as a result of the 2020 questionnaire:

We are in the process of evaluating the responses from the survey and exploring the ideas and recommendations.
