1. Aims

Greenbank School aims to ensure that:

- Appropriate action is taken in a timely manner to safeguard and promote children's welfare
- All staff are aware of their statutory responsibilities with respect to safeguarding
- Staff are properly training in recognizing and reporting safeguarding issues

2. Legislation and statutory guidance

This policy is based on the Department for Education's statutory guidance [Keeping Children Safe in Education \(2019\)](#) and [Working Together to Safeguard Children \(2018\)](#), and the [Governance Handbook](#). We comply with this guidance and the arrangements agreed and published by our 3 local safeguarding partners.

This policy is also based on the following legislation:

- Section 175 of the [Education Act 2002](#), which places a duty on schools and local authorities to safeguard and promote the welfare of pupils
- [The School Staffing \(England\) Regulations 2009](#), which set out what must be recorded on the single central record and the requirement for at least one person conducting an interview to be trained in safer recruitment techniques
- [The Children Act 1989](#) (and [2004 amendment](#)), which provides a framework for the care and protection of children
- Section 5B(11) of the Female Genital Mutilation Act 2003, as inserted by section 74 of the [Serious Crime Act 2015](#), which places a statutory duty on teachers to report to the police where they discover that female genital mutilation (FGM) appears to have been carried out on a girl under 18
- [Statutory guidance on FGM](#), which sets out responsibilities with regards to safeguarding and supporting girls affected by FGM
- [The Rehabilitation of Offenders Act 1974](#), which outlines when people with criminal convictions can work with children

- › Schedule 4 of the [Safeguarding Vulnerable Groups Act 2006](#), which defines what 'regulated activity' is in relation to children
- › [Statutory guidance on the Prevent duty](#), which explains schools' duties under the Counter-Terrorism and Security Act 2015 with respect to protecting people from the risk of radicalisation and extremism

3. Definitions

Safeguarding and promoting the welfare of children means:

- › Protecting children from maltreatment
- › Preventing impairment of children's health or development
- › Ensuring that children grow up in circumstances consistent with the provision of safe and effective care
- › Taking action to enable all children to have the best outcomes

Child protection is part of this definition and refers to activities undertaken to prevent children suffering, or being likely to suffer, significant harm.

Abuse is a form of maltreatment of a child, and may involve inflicting harm or failing to act to prevent harm. Appendix 1 explains the different types of abuse.

Neglect is a form of abuse and is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Appendix 1 defines neglect in more detail.

Sexting (also known as youth produced sexual imagery) is the sharing of sexual imagery (photos or videos) by children

Children includes everyone under the age of 18.

The following 3 **safeguarding partners** are identified in Keeping Children Safe in Education (and defined in the Children Act 2004, as amended by chapter 2 of the Children and Social Work Act 2017). They will make arrangements to work together to safeguard and promote the welfare of local children, including identifying and responding to their needs:

- › The local authority (LA) (including the Safeguarding Children's Partnership- SCP)
- › A clinical commissioning group for an area within the LA
- › The chief officer of police for a police area in the LA area

4. Equality statement

Some children have an increased risk of abuse, and additional barriers can exist for some children with respect to recognising or disclosing it. We are committed to anti-discriminatory practice and recognise children's diverse circumstances. We ensure that all children have the same protection, regardless of any barriers they may face.

We give special consideration to children who:

- › Have special educational needs (SEN) or disabilities (see section 9)
- › Are young carers
- › May experience discrimination due to their race, ethnicity, religion, gender identification or sexuality
- › Have English as an additional language
- › Are known to be living in difficult situations – for example, temporary accommodation or where there are issues such as substance abuse or domestic violence
- › Are at risk of FGM, sexual exploitation, forced marriage, or radicalisation
- › Are asylum seekers
- › Are at risk due to either their own or a family member's mental health needs
- › Are looked after or previously looked after

5. Roles and responsibilities

Safeguarding and child protection is **everyone's** responsibility. This policy applies to all staff, volunteers and governors in the school. Our policy and procedures also apply to residential provision at school and off-site activities.

5.1 All staff

All staff will read and understand part 1 and Annex A of the Department for Education's statutory safeguarding guidance, [Keeping Children Safe in Education](#), and review this guidance at least annually.

All staff will be aware of:

- › Our systems which support safeguarding, including this child protection and safeguarding policy, the staff code of conduct, the role and identity of the designated safeguarding lead (DSL) and the 4 Safeguarding Gatekeepers (including the named Safeguarding Governor) the behaviour policy, and the safeguarding response to children who go missing from education
- › The early help process (sometimes known as the common assessment framework) and their role in it, including identifying emerging problems, liaising with the DSL, and sharing information with other professionals to support early identification and assessment
- › The process for making referrals to local authority children's social care and for statutory assessments that may follow a referral, including the role they might be expected to play
- › What to do if they identify a safeguarding issue or a child tells them they are being abused or neglected, including specific issues such as FGM, and how to maintain an appropriate level of confidentiality while liaising with relevant professionals
- › The signs of different types of abuse and neglect, as well as specific safeguarding issues, such as child sexual exploitation (CSE), indicators of being at risk from or involved with serious violent crime, FGM and radicalisation

Section 13 and appendix 4 of this policy outline in more detail how staff are supported to do this.

5.2 The designated safeguarding lead (DSL)

The DSL is a member of the senior leadership team. Our DSL is Mr M. McCann/Head teacher. The DSL takes lead responsibility for child protection and wider safeguarding.

During term time, the DSL will be available during school hours for staff to discuss any safeguarding concerns (01606 288028)

Emergency contact details (out of school hours): head@greenbank.cheshire.sch.uk 07788538363

When the DSL is absent, 4 Safeguarding Gatekeepers will act as cover:

- Mrs B. Scott (Deputy Head teacher): bscott@greenbank.cheshire.sch.uk
- Mrs J. Boniface: jboniface@greenbank.cheshire.sch.uk
- Mrs J. Birdsall (Safeguarding Governor): jbirdsall@greenbank.cheshire.sch.uk
- Mrs K. Cleaveley (Family Liaison Advisor): katec@greenbank.cheshire.sch.uk

If the DSL and Gatekeepers are not available, Mrs D. Bennett (admin@greenbank.cheshire.sch.uk) will act as cover (for example out-of-term).

The DSL will be given the time, funding, training, resources and support to:

- › Provide advice and support to other staff on child welfare and child protection matters
- › Take part in strategy discussions and inter-agency meetings and/or support other staff to do so
- › Contribute to the assessment of children

- › Refer suspected cases, as appropriate, to the relevant body (local authority children's social care, Channel programme, Disclosure and Barring Service, SCiE Team and/or police), and support staff who make such referrals directly

The DSL will also keep the Gatekeepers informed of any issues, and liaise with local authority case managers and designated officers for child protection concerns as appropriate.

The full responsibilities of the DSL and Gatekeepers are set out in their job description.

5.3 The governing board

The governing board will approve this policy at each review, ensure it complies with the law and hold the Head teacher to account for its implementation.

The governing board will appoint a link governor to monitor the effectiveness of this policy in conjunction with the full governing board. This is always a different person from the DSL.

The chair of governors will act as the 'case manager' in the event that an allegation of abuse is made against the Head teacher, where appropriate (see appendix 3).

All governors will read Keeping Children Safe in Education.

Section 13 has information on how governors are supported to fulfil their role.

5.4 The Head teacher

The Head teacher is responsible for the implementation of this policy, including:

- › Ensuring that staff (including temporary staff) and volunteers are informed of our systems which support safeguarding, including this policy, as part of their induction
- › Communicating this policy to parents when their child joins the school and via the school website
- › Ensuring that the DSL has appropriate time, funding, training and resources, and that there is always adequate cover if the DSL is absent
- › Ensuring that all staff undertake appropriate safeguarding and child protection training and update this regularly
- › Acting as the 'case manager' in the event of an allegation of abuse made against another member of staff or volunteer, where appropriate (see appendix 3)

6. Confidentiality

School has a service level agreement with the Local Authority that had adopted a number of compliant policies including – Privacy Notice (for parents, pupils, staff and governors), Data Protection, Retention Schedule. Policies contain information on how school effectively secures appropriate safeguarding measures and establish a philosophy that keeps pupils, staff and the wider school community safe:

- › Timely information sharing is essential to effective safeguarding
- › Fears about sharing information must not be allowed to stand in the way of the need to promote the welfare, and protect the safety, of children
- › The Data Protection Act (DPA) 2018 and GDPR do not prevent, or limit, the sharing of information for the purposes of keeping children safe
- › If staff need to share 'special category personal data', the DPA 2018 contains 'safeguarding of children and individuals at risk' as a processing condition that allows practitioners to share information without consent if it is not possible to gain consent, it cannot be reasonably expected that a practitioner gains consent, or if to gain consent would place a child at risk
- › Staff should never promise a child that they will not tell anyone about a report of abuse, as this may not be in the child's best interests
- › The government's [information sharing advice for safeguarding practitioners](#) includes 7 'golden rules' for sharing information, and will support staff who have to make decisions about sharing information

- › If staff are in any doubt about sharing information, they should speak to the designated safeguarding lead, (Deputies of Gatekeepers)
- › Confidentiality is also addressed in this policy with respect to record-keeping in section 12, and allegations of abuse against staff in appendix 3

7. Recognising abuse and taking action

Staff, volunteers and governors must follow the procedures set out below in the event of a safeguarding issue.

7.1 If a child is suffering or likely to suffer harm, or in immediate danger

Make a referral to children’s Safeguarding Children in Education (SCiE) team and/or the police **immediately** if you believe a child is suffering or likely to suffer from harm, or in immediate danger. **Anyone can make a referral.**

Tell the DSL (see section 5.2) as soon as possible if you make a referral directly.

Procedures for making a referral are detailed in **Appendix 5.**

7.2 If a child makes a disclosure to you

If a child discloses a safeguarding issue to you, you should:

- › Listen to and believe them. Allow them time to talk freely and do not ask leading questions
- › Stay calm and do not show that you are shocked or upset
- › Tell the child they have done the right thing in telling you. Do not tell them they should have told you sooner
- › Explain what will happen next and that you will have to pass this information on. Do not promise to keep it a secret
- › Write up your conversation as soon as possible in the child’s own words. Stick to the facts, and do not put your own judgement on it
- › Sign and date the write-up and pass it on to the DSL. Alternatively, if appropriate, make a referral to children’s social care, SCiE team and/or the police directly (see 7.1), and tell the DSL as soon as possible that you have done so. Contact details for the SCiE Team (ChECS for pupils residing in Cheshire East) are present in all staff room areas and the admin office.

7.3 If you discover that FGM has taken place or a pupil is at risk of FGM

The Department for Education’s Keeping Children Safe in Education explains that FGM comprises “all procedures involving partial or total removal of the external female genitalia, or other injury to the female genital organs”.

FGM is illegal in the UK and a form of child abuse with long-lasting, harmful consequences. It is also known as ‘female genital cutting’, ‘circumcision’ or ‘initiation’.

Possible indicators that a pupil has already been subjected to FGM, and factors that suggest a pupil may be at risk, are set out in appendix 4.

Any teacher who discovers (either through disclosure by the victim or visual evidence) that an act of FGM appears to have been carried out on a **pupil under 18** must immediately report this to the police, personally. This is a statutory duty, and teachers will face disciplinary sanctions for failing to meet it.

Unless they have good reason not to, they should also discuss the case with the DSL and involve children’s social care as appropriate.

Any other member of staff who discovers that an act of FGM appears to have been carried out on a **pupil under 18** must speak to the DSL and follow our local safeguarding procedures.

The duty for teachers mentioned above does not apply in cases where a pupil is *at risk* of FGM or FGM is suspected but is not known to have been carried out. Staff should not examine pupils.

Any member of staff who suspects a pupil is *at risk* of FGM or suspects that FGM has been carried out or discovers that a pupil **age 18 or over** appears to have been a victim of FGM must speak to the DSL and follow our local safeguarding procedures.

Details of local procedures can be found in **Appendix 5**.

7.4 If you have concerns about a child (as opposed to believing a child is suffering or likely to suffer from harm, or is in immediate danger)

Appendix 5 illustrates the procedure to follow if you have any concerns about a child's welfare (this may include: CCE, CSE, County Lines, Domestic Abuse, Homelessness, FGM, 'honour based' abuse, forced marriage, radicalisation, peer on peer abuse, sexual violence / harassment, up skirting)

Where possible, speak to the DSL first to agree a course of action.

If in exceptional circumstances the DSL is not available, this should not delay appropriate action being taken. Speak to a member of the senior leadership team and/or take advice from local authority Safeguarding Children in Education (SCiE) team – 0300 1237047; Out of hours- 01244 977 277. You can also seek advice at any time from the NSPCC helpline on 0808 800 5000.

Make a referral to Cheshire West and Chester's local authority SCiE team directly, if appropriate (see 'Referral' below). Share any action taken with the DSL as soon as possible.

Early help

If early help is appropriate, the DSL will generally lead on liaising with other agencies and setting up an inter-agency assessment as appropriate. Staff may be required to support other agencies and professionals in an early help assessment, in some cases acting as the lead practitioner.

The DSL will keep the case under constant review and the school will consider a referral to local authority children's social care if the situation does not seem to be improving. Timelines of interventions will be monitored and reviewed.

Details of local procedures are contained within **Appendix 5**.

Referral

If it is appropriate to refer the case to local authority SCiE team or the police, the DSL will make the referral or support you to do so, this should be completed within 24 hours of the incident.

If you make a referral directly (see section 7.1), you must tell the DSL as soon as possible.

The local authority will make a decision within 1 working day of a referral about what course of action to take and will let the person who made the referral know the outcome. The DSL or person who made the referral must follow up with the local authority if this information is not made available, and ensure outcomes are properly recorded.

If the child's situation does not seem to be improving after the referral, the DSL or person who made the referral must follow local escalation procedures to ensure their concerns have been addressed and that the child's situation improves.

Details of local procedures are contained within **Appendix 5**.

7.5 If you have concerns about extremism

If a child is not suffering or likely to suffer from harm, or in immediate danger, where possible speak to the DSL first to agree a course of action.

If in exceptional circumstances the DSL is not available, this should not delay appropriate action being taken. Speak to a member of the senior leadership team and/or seek advice from local authority children's social care. Make a referral to local authority children's social care directly, if appropriate (see 'Referral' above).

Where there is a concern, the DSL will consider the level of risk and decide which agency to make a referral to. This could include [Channel](#), the government's programme for identifying and supporting individuals at risk of being drawn into terrorism, or the local authority children's social care team.

The Department for Education also has a dedicated telephone helpline, 020 7340 7264, which school staff and governors can call to raise concerns about extremism with respect to a pupil. You can also email counter.extremism@education.gov.uk. Note that this is not for use in emergency situations.

In an emergency, call 999 or the confidential anti-terrorist hotline on 0800 789 321 if you:

- › Think someone is in immediate danger
- › Think someone may be planning to travel to join an extremist group
- › See or hear something that may be terrorist-related

7.6 Concerns about a staff member or volunteer

If you have concerns about a member of staff or volunteer, or an allegation is made about a member of staff or volunteer posing a risk of harm to children, speak to the Head teacher. If the concerns/allegations are about the Head teacher, speak to the chair of governors.

The chair of governors will then follow the procedures set out in appendix 3, if appropriate.

7.7 Allegations of abuse made against other pupils

We recognise that children are capable of abusing their peers. Abuse will never be tolerated or passed off as “banter”, “just having a laugh” or “part of growing up”.

We also recognise the gendered nature of peer-on-peer abuse (i.e. that it is more likely that girls will be victims and boys perpetrators). However, all peer-on-peer abuse is unacceptable and will be taken seriously.

Most cases of pupils hurting other pupils will be dealt with under our school’s behaviour policy, but this child protection and safeguarding policy will apply to any allegations that raise safeguarding concerns. This might include where the alleged behaviour:

- › Is serious, and potentially a criminal offence
- › Could put pupils in the school at risk
- › Is violent
- › Involves pupils being forced to use drugs or alcohol
- › Involves sexual exploitation, sexual abuse or sexual harassment, such as indecent exposure, sexual assault, upskirting or sexually inappropriate pictures or videos (including sexting)

If a pupil makes an allegation of abuse against another pupil (peer on peer):

- › You must record the allegation and tell the DSL, but do not investigate it
- › The DSL will contact the local authority children’s social care team and follow its advice, as well as the police if the allegation involves a potential criminal offence
- › The DSL will put a risk assessment and support plan into place for all children involved (including the victim(s), the child(ren) against whom the allegation has been made and any others affected) with a named person they can talk to if needed
- › The DSL will contact the children and adolescent mental health services (CAMHS), if appropriate

Details of local procedures are contained within **Appendix 5**.

We will minimise the risk of peer-on-peer abuse by:

- › Challenging any form of derogatory or sexualised language or behaviour, including requesting or sending sexual images
- › Being vigilant to issues that particularly affect different genders – for example, sexualised or aggressive touching or grabbing towards female pupils, and initiation or hazing type violence with respect to boys
- › Ensuring our curriculum helps to educate pupils about appropriate behaviour and consent
- › Ensuring pupils know they can talk to staff confidentially by holding whole school assemblies, PSCH EE lesson, notices around school.

- › Ensuring staff are trained to understand that a pupil harming a peer could be a sign that the child is being abused themselves, and that this would fall under the scope of this policy

7.8 Sexting

Your responsibilities when responding to an incident

If you are made aware of an incident involving sexting (also known as 'youth produced sexual imagery'), you must report it to the DSL immediately.

You must **not**:

- › View, download or share the imagery yourself, or ask a pupil to share or download it. If you have already viewed the imagery by accident, you must report this to the DSL
- › Delete the imagery or ask the pupil to delete it
- › Ask the pupil(s) who are involved in the incident to disclose information regarding the imagery (this is the DSL's responsibility)
- › Share information about the incident with other members of staff, the pupil(s) it involves or their, or other, parents and/or carers
- › Say or do anything to blame or shame any young people involved

You should explain that you need to report the incident, and reassure the pupil(s) that they will receive support and help from the DSL.

Initial review meeting

Following a report of an incident, the DSL will hold an initial review meeting with appropriate school staff. This meeting will consider the initial evidence and aim to determine:

- › Whether there is an immediate risk to pupil(s)
- › If a referral needs to be made to the police, children's social care and/or SCiE Team
- › If it is necessary to view the imagery in order to safeguard the young person (in most cases, imagery should not be viewed)
- › What further information is required to decide on the best response
- › Whether the imagery has been shared widely and via what services and/or platforms (this may be unknown)
- › Whether immediate action should be taken to delete or remove images from devices or online services
- › Any relevant facts about the pupils involved which would influence risk assessment
- › If there is a need to contact another school, college, setting or individual
- › Whether to contact parents or carers of the pupils involved (in most cases parents should be involved)

The DSL will make an immediate referral to police, children's social care and/or SCiE Team if:

- › The incident involves an adult
- › There is reason to believe that a young person has been coerced, blackmailed or groomed, or if there are concerns about their capacity to consent (for example owing to special educational needs)
- › What the DSL knows about the imagery suggests the content depicts sexual acts which are unusual for the young person's developmental stage, or are violent
- › The imagery involves sexual acts and any pupil in the imagery is under 13
- › The DSL has reason to believe a pupil is at immediate risk of harm owing to the sharing of the imagery (for example, the young person is presenting as suicidal or self-harming)

If none of the above apply then the DSL, in consultation with the Head teacher and other members of staff as appropriate, may decide to respond to the incident without involving the police, children's social care and/or SCiE Team.

Further review by the DSL

If at the initial review stage a decision has been made not to refer to police, children's social care and/or SCiE Team the DSL will conduct a further review.

They will hold interviews with the pupils involved (if appropriate) to establish the facts and assess the risks.

If at any point in the process there is a concern that a pupil has been harmed or is at risk of harm, a referral will be made to children's social care, SCiE and/or the police immediately.

Informing parents

The DSL will inform parents at an early stage and keep them involved in the process, unless there is a good reason to believe that involving them would put the pupil at risk of harm.

Referring to the police

If it is necessary to refer an incident to the police, this will be done through a police community support officer.

Recording incidents

All sexting incidents and the decisions made in responding to them will be recorded. The record-keeping arrangements set out in section 12 of this policy also apply to recording incidents of sexting.

Curriculum coverage

Pupils are taught about the issues surrounding sexting as part of our curriculum education and computing programmes. Teaching covers the following in relation to sexting:

- › What it is
- › How it is most likely to be encountered
- › The consequences of requesting, forwarding or providing such images, including when it is and is not abusive
- › Issues of legality
- › The risk of damage to people's feelings and reputation

Pupils also learn the strategies and skills needed to manage:

- › Specific requests or pressure to provide (or forward) such images
- › The receipt of such images

This policy on sexting is also shared with pupils so they are aware of the processes the school will follow in the event of an incident.

8. Notifying parents

Where appropriate, we will discuss any concerns about a child with the child's parents. The DSL, Deputies or Gatekeepers will normally do this in the event of a suspicion or disclosure.

Other staff will only talk to parents about any such concerns following consultation with the DSL.

If we believe that notifying the parents would increase the risk to the child, we will discuss this with the local authority's SCiE team before doing so.

In the case of allegations of abuse made against other children, we will normally notify the parents of all the children involved.

9. Pupils with special educational needs and disabilities

We recognise that pupils with special educational needs and disabilities (SEND) can face additional safeguarding challenges. Additional barriers can exist when recognising abuse and neglect in this group, including:

- › Assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's disability without further exploration

- › Pupils being more prone to peer group isolation than other pupils
- › The potential for pupils with SEN and disabilities being disproportionately impacted by behaviours such as bullying, without outwardly showing any signs
- › Communication barriers and difficulties in overcoming these barriers

We offer extra pastoral support for pupils with SEN and disabilities. This includes:

A well established tutor pastoral system, access to Emotional Literacy Support Assistants (ELSA's) and Therapies (Art, Music, Horse and Dog).

10. Mobile phones and cameras

Staff are allowed to bring their personal phones to school for their own use, but will limit such use to non-contact time when pupils are not present. Staff members' personal phones will remain in their bags or cupboards during contact time with pupils.

Staff will not take pictures or recordings of pupils on their personal phones or cameras. Further detail can be found within schools Code of Conduct document for staff.

We will follow the General Data Protection Regulation and Data Protection Act 2018 when taking and storing photos and recordings for use in the school.

11. Complaints and concerns about school safeguarding policies

11.1 Complaints against staff

Complaints against staff that are likely to require a child protection investigation will be handled in accordance with our procedures for dealing with allegations of abuse made against staff (see appendix 3).

11.2 Other complaints

Other complaints are managed by schools Complaints or Grievance Policy.

11.3 Whistle-blowing

School has a separate Whistle-blowing Policy. This is available on the school website. A paper copy is available on request.

12. Record-keeping

We will hold records in line with our records retention schedule.

All safeguarding concerns, discussions, decisions made and the reasons for those decisions, must be recorded via schools Child Protection Online Monitoring System (**CPOMS**). This is a secure, encrypted electronic recording system. Records are retained in line with schools GDPR and retention schedule. If you are in any doubt about whether to record something, discuss it with the DSL.

Non-confidential records will be easily accessible and available. Confidential information and records will be held securely and only available to those who have a right or professional need to see them.

Safeguarding records relating to individual children will be retained for a reasonable period of time after they have left the school.

If a child for whom the school has, or has had, safeguarding concerns moves to another school, the DSL will ensure that their child protection file is forwarded promptly and securely, and separately from the main pupil file. In addition, if the concerns are significant or complex, and/or social services are involved, the DSL will speak to the DSL of the receiving school and provide information to enable them to have time to make any necessary preparations to ensure the safety of the child.

School will share information relating to a child in line with its GDPR Policies.

- › Appendix 2 sets out our policy on record-keeping specifically with respect to recruitment and pre-employment checks

› Appendix 3 sets out our policy on record-keeping with respect to allegations of abuse made against staff

13. Training

13.1 All staff

All staff members will undertake safeguarding and child protection training at induction, including on whistle-blowing procedures, to ensure they understand the school's safeguarding systems and their responsibilities, and can identify signs of possible abuse or neglect. This training will be regularly updated.

All staff will have training on the government's anti-radicalisation strategy, **Prevent**, to enable them to identify children at risk of being drawn into terrorism and to challenge extremist ideas.

Staff will also receive regular safeguarding and child protection updates (for example, through emails, e-bulletins and staff meetings) as required, but at least annually.

Contractors who are provided through a private finance initiative (PFI) or similar contract will also receive safeguarding training.

Volunteers will receive appropriate training, if applicable.

13.2 The DSL, Deputies and Gatekeepers

The DSL, Deputy and Gatekeepers will undertake child protection and safeguarding training at least every 2 years.

In addition, they will update their knowledge and skills at regular intervals and at least annually (for example, through e-bulletins, meeting other DSLs, or taking time to read and digest safeguarding developments).

They will also undertake **Prevent** awareness training.

13.3 Governors

All governors receive training about safeguarding, to make sure they have the knowledge and information needed to perform their functions and understand their responsibilities.

As the chair of governors may be required to act as the 'case manager' in the event that an allegation of abuse is made against the Head teacher, they receive training in managing allegations for this purpose.

13.4 Recruitment – interview panels

At least one person conducting any interview for a post at the school will have undertaken safer recruitment training. This will cover, as a minimum, the contents of the Department for Education's statutory guidance, Keeping Children Safe in Education, and will be in line with local safeguarding procedures.

14. Monitoring arrangements

This policy will be reviewed **bi-annually** by the Head teacher, Safeguarding Governor and Gatekeepers. At every review, it will be approved by the full governing board.

15. Links with other policies

This policy links to the following policies and procedures:

- › Behaviour
- › Staff code of conduct
- › Complaints
- › Health and safety
- › Attendance
- › e safety
- › Equality

- › Sex and relationship education
- › First aid
- › Curriculum
- › Privacy notices
- › Whistleblowing
- › Anti-bullying
- › Children missing in Education

These appendices are based on the Department for Education's statutory guidance, Keeping Children Safe in Education.

Appendix 1: types of abuse

Abuse, including neglect, and safeguarding issues are rarely standalone events that can be covered by one definition or label. In most cases, multiple issues will overlap.

Physical abuse may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

Emotional abuse is the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.

Emotional abuse may involve:

- › Conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person
- › Not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate
- › Age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability, as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction
- › Seeing or hearing the ill-treatment of another
- › Serious bullying (including cyberbullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children

Sexual abuse involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve:

- › Physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing
- › Non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including via the internet)

Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.

Neglect is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result of maternal substance abuse.

Once a child is born, neglect may involve a parent or carer failing to:

- › Provide adequate food, clothing and shelter (including exclusion from home or abandonment)
- › Protect a child from physical and emotional harm or danger
- › Ensure adequate supervision (including the use of inadequate care-givers)
- › Ensure access to appropriate medical care or treatment

It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

Appendix 2: safer recruitment and DBS checks – policy and procedures

We will record all information on the checks carried out in the school's single central record (SCR). Copies of these checks, where appropriate, will be held in individuals' personnel files. We follow requirements and best practice in retaining copies of these checks, as set out below.

New staff

When appointing new staff, we will:

- › Verify their identity
- › Obtain (via the applicant) an enhanced Disclosure and Barring Service (DBS) certificate, including barred list information for those who will be engaging in regulated activity (see definition below). We will not keep a copy of this for longer than 6 months
- › Obtain a separate barred list check if they will start work in regulated activity before the DBS certificate is available
- › Verify their mental and physical fitness to carry out their work responsibilities
- › Verify their right to work in the UK. We will keep a copy of this verification for the duration of the member of staff's employment and for 2 years afterwards
- › Verify their professional qualifications, as appropriate
- › Ensure they are not subject to a prohibition order if they are employed to be a teacher
- › Carry out further additional checks, as appropriate, on candidates who have lived or worked outside of the UK, including (where relevant) any teacher sanctions or restrictions imposed by a European Economic Area professional regulating authority, and criminal records checks or their equivalent

We will ask for written information about previous employment history and check that information is not contradictory or incomplete.

We will seek references on all short-listed candidates, including internal candidates, before interview. We will scrutinise these and resolve any concerns before confirming appointments. The references requested will ask specific questions about the suitability of the applicant to work with children.

Regulated activity means a person who will be:

- › Responsible, on a regular basis in a school or college, for teaching, training, instructing, caring for or supervising children; or
- › Carrying out paid, or unsupervised unpaid, work regularly in a school or college where that work provides an opportunity for contact with children; or
- › Engaging in intimate or personal care or overnight activity, even if this happens only once and regardless of whether they are supervised or not

Existing staff

If we have concerns about an existing member of staff's suitability to work with children, we will carry out all the relevant checks as if the individual was a new member of staff. We will also do this if an individual moves from a post that is not regulated activity to one that is.

We will refer to the DBS anyone who has harmed, or poses a risk of harm, to a child or vulnerable adult where:

- › We believe the individual has engaged in [relevant conduct](#); or
- › The individual has received a caution or conviction for a relevant offence, or there is reason to believe the individual has committed a listed relevant offence, under the [Safeguarding Vulnerable Groups Act 2006 \(Prescribed Criteria and Miscellaneous Provisions\) Regulations 2009](#); or

- › The 'harm test' is satisfied in respect of the individual (i.e. they may harm a child or vulnerable adult or put them at risk of harm); and
- › The individual has been removed from working in regulated activity (paid or unpaid) or would have been removed if they had not left

Agency and third-party staff

We will obtain written notification from any agency or third-party organisation that it has carried out the necessary safer recruitment checks that we would otherwise perform. We will also check that the person presenting themselves for work is the same person on whom the checks have been made.

Contractors

We will ensure that any contractor, or any employee of the contractor, who is to work at the school has had the appropriate level of DBS check (this includes contractors who are provided through a PFI or similar contract). This will be:

- › An enhanced DBS check with barred list information for contractors engaging in regulated activity
- › An enhanced DBS check, not including barred list information, for all other contractors who are not in regulated activity but whose work provides them with an opportunity for regular contact with children

We will obtain the DBS check for self-employed contractors.

We will not keep copies of such checks for longer than 6 months.

Contractors who have not had any checks will not be allowed to work unsupervised or engage in regulated activity under any circumstances.

We will check the identity of all contractors and their staff on arrival at the school.

Trainee/student teachers

Where applicants for initial teacher training are salaried by us, we will ensure that all necessary checks are carried out.

Where trainee teachers are fee-funded, we will obtain written confirmation from the training provider that necessary checks have been carried out and that the trainee has been judged by the provider to be suitable to work with children.

Volunteers

We will:

- › Never leave an unchecked volunteer unsupervised or allow them to work in regulated activity
- › Obtain an enhanced DBS check with barred list information for all volunteers who are new to working in regulated activity
- › Carry out a risk assessment when deciding whether to seek an enhanced DBS check without barred list information for any volunteers not engaging in regulated activity. We will retain a record of this risk assessment

Governors

All governors will have an enhanced DBS check without barred list information.

They will have an enhanced DBS check with barred list information if working in regulated activity.

All governors will also have a section 128 check (as a section 128 direction disqualifies an individual from being a maintained school governor).

Adults who supervise pupils on work experience

When organising work experience, we will ensure that policies and procedures are in place to protect children from harm.

We will also consider whether it is necessary for barred list checks to be carried out on the individuals who supervise a pupil under 16 on work experience. This will depend on the specific circumstances of the work experience, including the nature of the supervision, the frequency of the activity being supervised, and whether the work is regulated activity.

Appendix 3: allegations of abuse made against staff

This section of this policy applies to all cases in which it is alleged that a current member of staff or volunteer has:

- › Behaved in a way that has harmed a child, or may have harmed a child, or
- › Possibly committed a criminal offence against or related to a child, or
- › Behaved towards a child or children in a way that indicates he or she would pose a risk of harm to children

It applies regardless of whether the alleged abuse took place in the school. Allegations against a teacher who is no longer teaching and historical allegations of abuse will be referred to the police.

We will deal with any allegation of abuse against a member of staff or volunteer very quickly, in a fair and consistent way that provides effective child protection while also supporting the individual who is the subject of the allegation.

Our procedures for dealing with allegations will be applied with common sense and judgement.

Suspension

Suspension will not be the default position, and will only be considered in cases where there is reason to suspect that a child or other children is/are at risk of harm, or the case is so serious that it might be grounds for dismissal. In such cases, we will only suspend an individual if we have considered all other options available and there is no reasonable alternative.

Based on an assessment of risk, we will consider alternatives such as:

- › Redeployment within the school so that the individual does not have direct contact with the child or children concerned
- › Providing an assistant to be present when the individual has contact with children
- › Redeploying the individual to alternative work in the school so that they do not have unsupervised access to children
- › Moving the child or children to classes where they will not come into contact with the individual, making it clear that this is not a punishment and parents have been consulted
- › Temporarily redeploying the individual to another role in a different location, for example to an alternative school or other work for the local authority

Definitions for outcomes of allegation investigations

- › **Substantiated:** there is sufficient evidence to prove the allegation
- › **Malicious:** there is sufficient evidence to disprove the allegation and there has been a deliberate act to deceive
- › **False:** there is sufficient evidence to disprove the allegation
- › **Unsubstantiated:** there is insufficient evidence to either prove or disprove the allegation (this does not imply guilt or innocence)
- › **Unfounded:** to reflect cases where there is no evidence or proper basis which supports the allegation being made

Procedure for dealing with allegations

In the event of an allegation that meets the criteria above, the Head teacher (or chair of governors where the Head teacher is the subject of the allegation) – the ‘case manager’ – will take the following steps:

- › Immediately discuss the allegation with the designated officer at the local authority. This is to consider the nature, content and context of the allegation and agree a course of action, including whether further enquiries are necessary to enable a decision on how to proceed, and whether it is necessary to involve the police and/or children’s social care services. (The case manager may, on occasion, consider it necessary to involve the police *before* consulting the designated officer – for example, if the accused

individual is deemed to be an immediate risk to children or there is evidence of a possible criminal offence. In such cases, the case manager will notify the designated officer as soon as practicably possible after contacting the police)

- › Inform the accused individual of the concerns or allegations and likely course of action as soon as possible after speaking to the designated officer (and the police or children's social care services, where necessary). Where the police and/or children's social care services are involved, the case manager will only share such information with the individual as has been agreed with those agencies
- › Where appropriate (in the circumstances described above), carefully consider whether suspension of the individual from contact with children at the school is justified or whether alternative arrangements such as those outlined above can be put in place. Advice will be sought from the designated officer, police and/or children's social care services, as appropriate
- › **If immediate suspension is considered necessary**, agree and record the rationale for this with the designated officer. The record will include information about the alternatives to suspension that have been considered, and why they were rejected. Written confirmation of the suspension will be provided to the individual facing the allegation or concern within 1 working day, and the individual will be given a named contact at the school and their contact details
- › **If it is decided that no further action is to be taken** in regard to the subject of the allegation or concern, record this decision and the justification for it and agree with the designated officer what information should be put in writing to the individual and by whom, as well as what action should follow both in respect of the individual and those who made the initial allegation
- › **If it is decided that further action is needed**, take steps as agreed with the designated officer to initiate the appropriate action in school and/or liaise with the police and/or children's social care services as appropriate
- › Provide effective support for the individual facing the allegation or concern, including appointing a named representative to keep them informed of the progress of the case and considering what other support is appropriate. Support is available to individuals for advice and support, for example trade union representatives. All staff are encouraged to be a member of a recognized trade union.
- › Inform the parents or carers of the child/children involved about the allegation as soon as possible if they do not already know (following agreement with the SCiE team and/or the police, if applicable). The case manager will also inform the parents or carers of the requirement to maintain confidentiality about any allegations made against teachers (where this applies) while investigations are ongoing. Any parent or carer who wishes to have the confidentiality restrictions removed in respect of a teacher will be advised to seek legal advice
- › Keep the parents or carers of the child/children involved informed of the progress of the case and the outcome, where there is not a criminal prosecution, including the outcome of any disciplinary process (in confidence)
- › Make a referral to the DBS where it is thought that the individual facing the allegation or concern has engaged in conduct that harmed or is likely to harm a child, or if the individual otherwise poses a risk of harm to a child

If the school is made aware that the secretary of state has made an interim prohibition order in respect of an individual, we will immediately suspend that individual from teaching, pending the findings of the investigation by the Teaching Regulation Agency.

Where the police are involved, wherever possible the governing board will ask the police at the start of the investigation to obtain consent from the individuals involved to share their statements and evidence for use in the school's disciplinary process, should this be required at a later point.

Timescales

- Any cases where it is clear immediately that the allegation is unsubstantiated or malicious will be resolved within 1 week
- If the nature of an allegation does not require formal disciplinary action, we will institute appropriate action within 3 working days

- If a disciplinary hearing is required and can be held without further investigation, we will hold this within 15 working days

Specific actions

Action following a criminal investigation or prosecution

The case manager will discuss with the local authority's designated officer whether any further action, including disciplinary action, is appropriate and, if so, how to proceed, taking into account information provided by the police and/or children's social care services.

Conclusion of a case where the allegation is substantiated

If the allegation is substantiated and the individual is dismissed or the school ceases to use their services, or the individual resigns or otherwise ceases to provide their services, the case manager and the school's personnel adviser will discuss with the designated officer whether to make a referral to the DBS for consideration of whether inclusion on the barred lists is required.

If the individual concerned is a member of teaching staff, the case manager and personnel adviser will discuss with the designated officer whether to refer the matter to the Teaching Regulation Agency to consider prohibiting the individual from teaching.

Individuals returning to work after suspension

If it is decided on the conclusion of a case that an individual who has been suspended can return to work, the case manager will consider how best to facilitate this.

The case manager will also consider how best to manage the individual's contact with the child or children who made the allegation, if they are still attending the school.

Unsubstantiated or malicious allegations

If an allegation is shown to be deliberately invented, or malicious, the Head teacher, or other appropriate person in the case of an allegation against the Head teacher, will consider whether any disciplinary action is appropriate against the pupil(s) who made it, or whether the police should be asked to consider whether action against those who made the allegation might be appropriate, even if they are not a pupil.

Confidentiality

The school will make every effort to maintain confidentiality and guard against unwanted publicity while an allegation is being investigated or considered.

The case manager will take advice from the local authority's designated officer, police and children's social care services, as appropriate, to agree:

- Who needs to know about the allegation and what information can be shared
- How to manage speculation, leaks and gossip, including how to make parents or carers of a child/children involved aware of their obligations with respect to confidentiality
- What, if any, information can be reasonably given to the wider community to reduce speculation
- How to manage press interest if, and when, it arises

Record-keeping

The case manager will maintain clear records about any case where the allegation or concern meets the criteria above and store them on the individual's confidential personnel file for the duration of the case. Such records will include:

- A clear and comprehensive summary of the allegation
- Details of how the allegation was followed up and resolved
- Notes of any action taken and decisions reached (and justification for these, as stated above)

If an allegation or concern is not found to have been malicious, the school will retain the records of the case on the individual's confidential personnel file, and provide a copy to the individual.

Where records contain information about allegations of sexual abuse, we will preserve these for the Independent Inquiry into Child Sexual Abuse (IICSA), for the term of the inquiry. We will retain all other records at least until the individual has reached normal pension age, or for 10 years from the date of the allegation if that is longer.

The records of any allegation that is found to be malicious will be deleted from the individual's personnel file.

References

When providing employer references, we will not refer to any allegation that has been proven to be false, unsubstantiated or malicious, or any history of allegations where all such allegations have been proven to be false, unsubstantiated or malicious.

Learning lessons

After any cases where the allegations are *substantiated*, we will review the circumstances of the case with the local authority's designated officer to determine whether there are any improvements that we can make to the school's procedures or practice to help prevent similar events in the future.

This will include consideration of (as applicable):

- Issues arising from the decision to suspend the member of staff
- The duration of the suspension
- Whether or not the suspension was justified
- The use of suspension when the individual is subsequently reinstated. We will consider how future investigations of a similar nature could be carried out without suspending the individual

Appendix 4: specific safeguarding issues

Children missing from education

A child going missing from education, particularly repeatedly, can be a warning sign of a range of safeguarding issues. This might include abuse or neglect, such as sexual abuse or exploitation or child criminal exploitation, or issues such as mental health problems, substance abuse, radicalisation, FGM or forced marriage.

There are many circumstances where a child may become missing from education, but some children are particularly at risk. These include children who:

- › Are at risk of harm or neglect
- › Are at risk of forced marriage or FGM
- › Come from Gypsy, Roma, or Traveller families
- › Come from the families of service personnel
- › Go missing or run away from home or care
- › Are supervised by the youth justice system
- › Cease to attend a school
- › Come from new migrant families

We will follow our 'Children Missing in Education Policy' procedures for unauthorised absence and for dealing with children who go missing from education, particularly on repeat occasions, to help identify the risk of abuse and neglect, including sexual exploitation, and to help prevent the risks of going missing in future. This includes informing the local authority if a child leaves the school without a new school being named, and adhering to requirements with respect to sharing information with the local authority, when applicable, when removing a child's name from the admission register at non-standard transition points.

Staff will be trained in signs to look out for and the individual triggers to be aware of when considering the risks of potential safeguarding concerns which may be related to being missing, such as travelling to conflict zones, FGM and forced marriage.

If a staff member suspects that a child is suffering from harm or neglect, we will make an immediate referral to the local authority SCiE team, and the police, if the child is suffering or likely to suffer from harm, or in immediate danger.

Children and the court system

Children are sometimes required to give evidence in criminal courts, either for crimes committed against them or for crimes they have witnessed. There are two age appropriate guides to support children 5-11-year olds and 12-17 year olds.

The guides explain each step of the process, support and special measures that are available. There are diagrams illustrating the courtroom structure and the use of video links is explained.

Making child arrangements via the family courts following separation can be stressful and entrench conflict in families. This can be stressful for children. The Ministry of Justice has launched an online child arrangements information tool with clear and concise information on the dispute resolution service. This may be useful for some parents and carers.

Children with family members in prison

Approximately 200,000 children in England and Wales have a parent sent to prison each year. These children are at risk of poor outcomes including poverty, stigma, isolation and poor mental health. NICCO provides information designed to support professionals working with offenders and their children, to help mitigate negative consequences for those children.

Child Criminal Exploitation (CCE)

CCE is where an individual or group takes advantage of an imbalance of power to coerce, control, manipulate or deceive a child into any criminal activity (a) in exchange for something the victim needs or wants, and/or (b) for the financial or other advantage of the perpetrator or facilitator and/or (c) through violence or the threat of violence. The victim may have been criminally exploited even if the activity appears consensual. CCE does not always involve physical contact; it can also occur through the use of technology.

CCE can include children being forced to work in cannabis factories, being coerced into moving drugs or money across the country (county lines, see page 20 for more information), forced to shoplift or pickpocket, or to threaten other young people.

Some of the following can be indicators of CCE:

- children who appear with unexplained gifts or new possessions;
- children who associate with other young people involved in exploitation;
- children who suffer from changes in emotional well-being;
- children who misuse drugs and alcohol;
- children who go missing for periods of time or regularly come home late; and
- children who regularly miss school or education or do not take part in education.

Child Sexual Exploitation (CSE)

Child sexual exploitation (CSE) is a form of child sexual abuse that occurs where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child into sexual activity in exchange for something the victim needs or wants, and/or for the financial advantage or increased status of the perpetrator or facilitator.

This can involve violent, humiliating and degrading sexual assaults, but does not always involve physical contact and can happen online. For example, young people may be persuaded or forced to share sexually explicit images of themselves, have sexual conversations by text, or take part in sexual activities using a webcam.

Children or young people who are being sexually exploited may not understand that they are being abused. They often trust their abuser and may be tricked into believing they are in a loving, consensual relationship.

If a member of staff suspects CSE, they will discuss this with the DSL. The DSL will make a referral to the local authority's SCiE team and the police, if appropriate.

Indicators of sexual exploitation can include a child:

- Appearing with unexplained gifts or new possessions
- Associating with other young people involved in exploitation
- Having older boyfriends or girlfriends
- Suffering from sexually transmitted infections or becoming pregnant
- Displaying inappropriate sexualised behaviour
- Suffering from changes in emotional wellbeing
- Misusing drugs and/or alcohol
- Going missing for periods of time, or regularly coming home late
- Regularly missing school or education, or not taking part in education

County lines

County lines is a term used to describe gangs and organised criminal networks involved in exporting illegal drugs (primarily crack cocaine and heroin) into one or more importing areas [within the UK], using dedicated mobile phone lines or other form of “deal line”.

Exploitation is an integral part of the county lines offending model with children and vulnerable adults exploited to move [and store] drugs and money. Offenders will often use coercion, intimidation, violence (including sexual violence) and weapons to ensure compliance of victims. Children can be targeted and recruited into county lines in a number of locations including schools, further and higher educational institutions, pupil referral units, special educational needs schools, children’s homes and care homes. Children are often recruited to move drugs and money between locations and are known to be exposed to techniques such as ‘plugging’, where drugs are concealed internally to avoid detection. Children can easily become trapped by this type of exploitation as county lines gangs create drug debts and can threaten serious violence and kidnap towards victims (and their families) if they attempt to leave the county lines network.

One of the ways of identifying potential involvement in county lines are missing episodes (both from home and school), when the victim may have been trafficked for the purpose of transporting drugs and a referral to the National Referral Mechanism¹⁵ should be considered. If a child is suspected to be at risk of or involved in county lines, a safeguarding referral should be considered alongside consideration of availability of local services/third sector providers who offer support to victims of county lines exploitation.

Further information on the signs of a child’s involvement in county lines is available in guidance published by the Home Office.

Homelessness

Being homeless or being at risk of becoming homeless presents a real risk to a child’s welfare.

The DSL, Deputies and Gatekeepers (including the Family Liaison Advisor) will be aware of contact details and referral routes in to the local housing authority so they can raise/progress concerns at the earliest opportunity (where appropriate and in accordance with local procedures).

Where a child has been harmed or is at risk of harm, the DSL will also make a referral to children’s social care.

So-called ‘honour-based’ violence (including FGM and forced marriage)

So-called ‘honour-based’ violence (HBV) encompasses incidents or crimes committed to protect or defend the honour of the family and/or community, including FGM, forced marriage, and practices such as breast ironing.

Abuse committed in this context often involves a wider network of family or community pressure and can include multiple perpetrators.

All forms of HBV are abuse and will be handled and escalated as such. All staff will be alert to the possibility of a child being at risk of HBV or already having suffered it. If staff have a concern, they will speak to the DSL, who will activate local safeguarding procedures.

FGM

The DSL will make sure that staff have access to appropriate training to equip them to be alert to children affected by FGM or at risk of FGM.

Section 7.3 of this policy sets out the procedures to be followed if a staff member discovers that an act of FGM appears to have been carried out or suspects that a pupil is at risk of FGM.

Indicators that FGM has already occurred include:

- › A pupil confiding in a professional that FGM has taken place
- › A mother/family member disclosing that FGM has been carried out
- › A family/pupil already being known to social services in relation to other safeguarding issues
- › A girl:
 - Having difficulty walking, sitting or standing, or looking uncomfortable

- Finding it hard to sit still for long periods of time (where this was not a problem previously)
- Spending longer than normal in the bathroom or toilet due to difficulties urinating
- Having frequent urinary, menstrual or stomach problems
- Avoiding physical exercise or missing PE
- Being repeatedly absent from school, or absent for a prolonged period
- Demonstrating increased emotional and psychological needs – for example, withdrawal or depression, or significant change in behaviour
- Being reluctant to undergo any medical examinations
- Asking for help, but not being explicit about the problem
- Talking about pain or discomfort between her legs

Potential signs that a pupil may be at risk of FGM include:

- › The girl's family having a history of practising FGM (this is the biggest risk factor to consider)
- › FGM being known to be practised in the girl's community or country of origin
- › A parent or family member expressing concern that FGM may be carried out
- › A family not engaging with professionals (health, education or other) or already being known to social care in relation to other safeguarding issues
- › A girl:
 - Having a mother, older sibling or cousin who has undergone FGM
 - Having limited level of integration within UK society
 - Confiding to a professional that she is to have a "special procedure" or to attend a special occasion to "become a woman"
 - Talking about a long holiday to her country of origin or another country where the practice is prevalent, or parents stating that they or a relative will take the girl out of the country for a prolonged period
 - Requesting help from a teacher or another adult because she is aware or suspects that she is at immediate risk of FGM
 - Talking about FGM in conversation – for example, a girl may tell other children about it (although it is important to take into account the context of the discussion)
 - Being unexpectedly absent from school
 - Having sections missing from her 'red book' (child health record) and/or attending a travel clinic or equivalent for vaccinations/anti-malarial medication

The above indicators and risk factors are not intended to be exhaustive.

Forced marriage

Forcing a person into marriage is a crime. A forced marriage is one entered into without the full and free consent of one or both parties and where violence, threats, or any other form of coercion is used to cause a person to enter into a marriage. Threats can be physical or emotional and psychological.

Staff will receive training around forced marriage and the presenting symptoms. We are aware of the 'one chance' rule, i.e. we may only have one chance to speak to the potential victim and only one chance to save them.

If a member of staff suspects that a pupil is being forced into marriage, they will speak to the pupil about their concerns in a secure and private place. They will then report this to the DSL.

The DSL will:

- › Speak to the pupil about the concerns in a secure and private place
- › Activate the local safeguarding procedures and refer the case to the local authority's designated officer
- › Seek advice from the Forced Marriage Unit on 020 7008 0151 or fmf@fco.gov.uk
- › Refer the pupil to an education welfare officer, pastoral tutor, learning mentor, or school counsellor, as appropriate

Preventing radicalisation

Radicalisation refers to the process by which a person comes to support terrorism and forms of extremism. Extremism is vocal or active opposition to fundamental British values, such as democracy, the rule of law, individual liberty, and mutual respect and tolerance of different faiths and beliefs.

Schools have a duty to prevent children from being drawn into terrorism. The DSL will undertake Prevent awareness training and make sure that staff have access to appropriate training to equip them to identify children at risk.

We will assess the risk of children in our school being drawn into terrorism. This assessment will be based on an understanding of the potential risk in our local area, in collaboration with our local safeguarding partners and local police force.

We will ensure that suitable internet filtering is in place, and equip our pupils to stay safe online at school and at home.

There is no single way of identifying an individual who is likely to be susceptible to an extremist ideology. Radicalisation can occur quickly or over a long period.

Staff will be alert to changes in pupils' behaviour.

The government website [Educate Against Hate](#) and charity [NSPCC](#) say that signs that a pupil is being radicalised can include:

- › Refusal to engage with, or becoming abusive to, peers who are different from themselves
- › Becoming susceptible to conspiracy theories and feelings of persecution
- › Changes in friendship groups and appearance
- › Rejecting activities they used to enjoy
- › Converting to a new religion
- › Isolating themselves from family and friends
- › Talking as if from a scripted speech
- › An unwillingness or inability to discuss their views
- › A sudden disrespectful attitude towards others
- › Increased levels of anger
- › Increased secretiveness, especially around internet use
- › Expressions of sympathy for extremist ideologies and groups, or justification of their actions
- › Accessing extremist material online, including on Facebook or Twitter
- › Possessing extremist literature
- › Being in contact with extremist recruiters and joining, or seeking to join, extremist organisations

Children who are at risk of radicalisation may have low self-esteem, or be victims of bullying or discrimination. It is important to note that these signs can also be part of normal teenage behaviour – staff should have confidence in their instincts and seek advice if something feels wrong.

If staff are concerned about a pupil, they will follow our procedures set out in section 7.5 of this policy, including discussing their concerns with the DSL.

Staff should **always** take action if they are worried.

Domestic abuse

The cross-government definition of domestic violence and abuse is: any incident or pattern of incidents of controlling, coercive, threatening behaviour, violence or abuse between those aged 16 or over who are, or have been, intimate partners or family members regardless of gender or sexuality. The abuse can encompass, but is not limited to: psychological; physical; sexual; financial; and emotional.

All children can witness and be adversely affected by domestic abuse in the context of their home life where domestic abuse occurs between family members. Exposure to domestic abuse and/or violence can have a serious, long lasting emotional and psychological impact on children. In some cases, a child may blame themselves for the abuse or may have had to leave the family home as a result.

Operation Encompass

Operation Encompass operates in the majority of police forces across England. It helps police and schools work together to provide emotional and practical help to children. The system ensures that when police are called to an incident of domestic abuse, where there are children in the household who have experienced the domestic incident, the police will inform the key adult (usually the designated safeguarding lead) in school before the child or children arrive at school the following day. This ensures that the school has up to date relevant information about the child's circumstances and can enable support to be given to the child according to their needs. Police forces not signed up to operation encompass will have their own arrangements in place.

Preventing radicalisation

Children are vulnerable to extremist ideology and radicalisation. Similar to protecting children from other forms of harms and abuse, protecting children from this risk should be a part of a schools' or colleges' safeguarding approach.

- **Extremism**¹⁸ is the vocal or active opposition to our fundamental values, including democracy, the rule of law, individual liberty and the mutual respect and tolerance of different faiths and beliefs. This also includes calling for the death of members of the armed forces.
- **Radicalisation**¹⁹ refers to the process by which a person comes to support terrorism and extremist ideologies associated with terrorist groups.
- **Terrorism**²⁰ is an action that endangers or causes serious violence to a person/people; causes serious damage to property; or seriously interferes or disrupts an electronic system. The use or threat **must** be designed to influence the government or to intimidate the public and is made for the purpose of advancing a political, religious or ideological cause.

There is no single way of identifying whether a child is likely to be susceptible to an extremist ideology. Background factors combined with specific influences such as family and friends may contribute to a child's vulnerability. Similarly, radicalisation can occur through many different methods (such as social media or the internet) and settings (such as within the home).

However, it is possible to protect vulnerable people from extremist ideology and intervene to prevent those at risk of radicalisation being radicalised. As with other safeguarding risks, staff should be alert to changes in children's behaviour, which could indicate that they may be in need of help or protection. Staff should use their judgement in identifying children who might be at risk of radicalisation and act proportionately which may include the designated safeguarding lead (or deputy) making a Prevent referral.

The school's or college's designated safeguarding lead (and any deputies) should be aware of local procedures for making a Prevent referral.

The Prevent duty

All schools and colleges are subject to a duty under section 26 of the Counter-Terrorism and Security Act 2015 (the CTSA 2015), in the exercise of their functions, to have "due regard²¹ to the need to prevent people from being drawn into terrorism".²² This duty is known as the Prevent duty.

The Prevent duty should be seen as part of schools' and colleges' wider safeguarding obligations. Designated safeguarding leads and other senior leaders should familiarise themselves with the revised Prevent duty

guidance: for England and Wales, especially paragraphs 57-76, which are specifically concerned with schools (and also covers childcare). The guidance is set out in terms of four general themes: risk assessment, working in partnership, staff training, and IT policies.

There is additional guidance: Prevent duty guidance: for further education institutions in England and Wales that applies to colleges.

Channel

Channel is a voluntary, confidential support programme which focuses on providing support at an early stage to people who are identified as being vulnerable to being drawn into terrorism. Prevent referrals may be passed to a multi-agency Channel panel, which will discuss the individual referred to determine whether they are vulnerable to being drawn into terrorism and consider the appropriate support required. A representative from the school or college may be asked to attend the Channel panel to help with this assessment. An individual's engagement with the programme is entirely voluntary at all stages.

Guidance on Channel is available at: [Channel guidance](#).

Checking the identity and suitability of visitors

All visitors will be required to verify their identity to the satisfaction of staff and to leave their belongings, including their mobile phone(s), in a safe place during their visit.

If the visitor is unknown to the setting, we will check their credentials and reason for visiting before allowing them to enter the setting. Visitors should be ready to produce identification.

Visitors are expected to sign the visitors' book and wear a visitor's badge.

Visitors to the school who are visiting for a professional purpose, such as educational psychologists and school improvement officers, will be asked to show photo ID and:

- › Will be asked to show their DBS certificate, which will be checked alongside their photo ID; or
- › The organisation sending the professional, such as the LA or educational psychology service, will provide prior written confirmation that an enhanced DBS check with barred list information has been carried out

All other visitors, including visiting speakers, will be accompanied by a member of staff at all times. We will not invite into the school any speaker who is known to disseminate extremist views, and will carry out appropriate checks to ensure that any individual or organisation using school facilities is not seeking to disseminate extremist views or radicalise pupils or staff.

Non-collection of children

If a child is not collected at the end of the day, we will make contact with the family, using those contact details left with school by the family to establish the cause for the non-collection or delay. A record will be kept in order to identify any patterns from which school can then make next step decisions/ support. Where a pattern emerges schools Child Protection Online Monitoring System (CPOMS) will record the chronology of events.

Missing pupils (absconding)

Absconding- Our procedures are designed to ensure that a missing child is found and returned to effective supervision as soon as possible. If a child goes missing, we will action schools Absconding Policy. In short, as soon as a child is discovered as missing or absconds 'purple ink' (schools alert code) will be actioned. Class support staff, as identified on schools daily diary will attend the last known site of the pupil. An action plan will be formulated and communicated in order to support the student back into school. If loss of 'line of sight' extends beyond 15 minutes the Police will be contacted and an information sheet (complete) with photograph will be provided. Parents/carers will be informed both of the incident and when the child is found together with triggers for the absconding behaviour. All information post incident will be recorded on CPOMS. Where absconding additional support strategies may be considered including contacting Social Care, SCiE Team, Police or calling an interim review. Risk Assessments and Behaviour Management Support plans will be reviewed to reflect the risk management of absconding.

Peer on peer/ child on child abuse

Children can abuse other children. This is generally referred to as peer on peer abuse and can take many forms. This can include (but is not limited to): abuse within intimate partner relationships; bullying (including cyberbullying); sexual violence and sexual harassment; physical abuse such as hitting, kicking, shaking, biting, hair pulling, or otherwise causing physical harm; sexting and initiation/hazing type violence and rituals.

Sexual violence and sexual harassment between children in schools and colleges

Context

Sexual violence and sexual harassment can occur between two children of **any** age and sex. It can also occur through a group of children sexually assaulting or sexually harassing a single child or group of children.

Children who are victims of sexual violence and sexual harassment will likely find the experience stressful and distressing. This will, in all likelihood, adversely affect their educational attainment. Sexual violence and sexual harassment exist on a continuum and may overlap, they can occur online and offline (both physical and verbal) and are never acceptable. It is important that **all** victims are taken seriously and offered appropriate support. Staff should be aware that some groups are potentially more at risk. Evidence shows girls, children with SEND and LGBT children are at greater risk.

Staff should be aware of the importance of:

- making clear that sexual violence and sexual harassment is not acceptable, will never be tolerated and is not an inevitable part of growing up;
- not tolerating or dismissing sexual violence or sexual harassment as “banter”, “part of growing up”, “just having a laugh” or “boys being boys”; and
- challenging behaviours (potentially criminal in nature), such as grabbing bottoms, breasts and genitalia, flicking bras and lifting up skirts. Dismissing or tolerating such behaviours risks normalising them.

What is sexual violence and sexual harassment?

Sexual violence

It is important that school and college staff are aware of sexual violence and the fact children can, and sometimes do, abuse their peers in this way. When referring to sexual violence we are referring to sexual violence offences under the Sexual Offences Act 2003 as described below:

Rape: A person (A) commits an offence of rape if: he intentionally penetrates the vagina, anus or mouth of another person (B) with his penis, B does not consent to the penetration and A does not reasonably believe that B consents.

Assault by Penetration: A person (A) commits an offence if: s/he intentionally penetrates the vagina or anus of another person (B) with a part of her/his body or anything else, the penetration is sexual, B does not consent to the penetration and A does not reasonably believe that B consents.

Sexual Assault: A person (A) commits an offence of sexual assault if: s/he intentionally touches another person (B), the touching is sexual, B does not consent to the touching and A does not reasonably believe that B consents.

What is consent?

Consent is about having the freedom and capacity to choose. Consent to sexual activity may be given to one sort of sexual activity but not another, e.g. to vaginal but not anal sex or penetration with conditions, such as wearing a condom. Consent can be withdrawn at any time during sexual activity and each time activity occurs. Someone consents to vaginal, anal or oral penetration only if s/he agrees by choice to that penetration and has the freedom and capacity to make that choice.²⁵

Sexual harassment

When referring to sexual harassment we mean ‘unwanted conduct of a sexual nature’ that can occur online and offline. When we reference sexual harassment, we do so in the context of child on child sexual harassment. Sexual harassment is likely to: violate a child’s dignity, and/or make them feel intimidated, degraded or humiliated and/or create a hostile, offensive or sexualised environment.

Whilst not intended to be an exhaustive list, sexual harassment can include:

- sexual comments, such as: telling sexual stories, making lewd comments, making sexual remarks about clothes and appearance and calling someone sexualised names;
- sexual “jokes” or taunting;
- physical behaviour, such as: deliberately brushing against someone, interfering with someone’s clothes (schools and colleges should be considering when any of this crosses a line into sexual violence - it is important to talk to and consider the experience of the victim) and displaying pictures, photos or drawings of a sexual nature; and
- online sexual harassment. This may be standalone, or part of a wider pattern of sexual harassment and/or sexual violence.²⁶ It may include:
 - non-consensual sharing of sexual images and videos;
 - sexualised online bullying;
 - unwanted sexual comments and messages, including, on social media;
 - sexual exploitation; coercion and threats; and
 - upskirting.

Upskirting

The Voyeurism (Offences) Act, which is commonly known as the Upskirting Act, came into force on 12 April 2019. ‘Upskirting’ is where someone takes a picture under a person’s clothing (not necessarily a skirt) without their permission and or knowledge, with the intention of viewing their genitals or buttocks (with or without underwear) to obtain sexual gratification, or cause the victim humiliation, distress or alarm. It is a criminal offence. Anyone of any gender, can be a victim.

The response to a report of sexual violence or sexual harassment

The initial response to a report from a child is important. It is essential that all victims are reassured that they are being taken seriously and that they will be supported and kept safe. A victim should never be given the impression that they are creating a problem by reporting sexual violence or sexual harassment. Nor should a victim ever be made to feel ashamed for making a report.

If staff have a concern about a child or a child makes a report to them, they should follow the referral process as set out from paragraph 41 in Part one of this guidance. As is always the case, if staff are in any doubt as to what to do they should speak to the designated safeguarding lead (or a deputy).

Appendix 5: Safeguarding Response Flow Chart

Actions where there are concerns about a child
