

Dear Parents and Carers,

Welcome back to the Summer Term.

The Easter break provided an opportunity for site works to take place. This included:

- Installing a heating valve, which allows residential and school to be heated separately. We conservatively estimate that this will save school in the region of £30,000 which will be invested in staffing.
- Full school window clean.
- Interior painting of fire doors, gym cupboard and banisters.
- Commencement of replacing window sealant across school.
- Roof replacement of the front bungalow- this started during the Easter break and will take 4 weeks. Parents who take their children to school will have noticed the short term reduction in available car parking space.

Thank you to the Admin and site team for their hard work over the break.

Health & Safety

School received 2 reports this week that cars, entering the site campus were speeding. The site limit is 10mph, which is painted on the road surface as you enter school. The last thing I want is to have to manage an incident that involves a child being knocked down. Please drive carefully and slowly. I understand that site traffic can be frustrating but the safety of everyone on site is paramount.

E-safety

Please find attached the latest e-safe newsletter. They provide up to date information for parents and can be helpful in supporting management of access to the internet and social media in the home. It is very difficult to manage home based activity, but often the fall out comes into school.

Family Fun Night- reminder

Just a reminder that the next Family Fun Night is due to take place on Thursday 25th April, 6:00pm- 8:00pm. Attached to this letter is the order form should you wish to attend.

Have a restful and safe weekend,

Yours faithfully,
